

Buildings and Grounds- 2023

In-addition to routine lawn maintenance and snow removal at the Church, there were several one-time items completed in 2023.

Completed projects:

- Fertilized, seeded and maintained the lawn/ shrubs as well as lawn/snow equipment
- Church boiler was inspected in June, no issues however a blower fan had to be replaced in October.
- Fall leaf/ debris removal occurred in November
- Fire extinguishers were checked/ repaired/ replaced
- Security cameras were installed at all three entrances

Thank you to Jim Wilson for continuing to vacuum the Sanctuary and Fellowship Hall and to Rich Connell for continuing to note projects to be done and taking care of them.

Dick Stephens, for Kevin Bradberry, Buildings and Grounds Chair
